 **Student Center**
(enter from Hudiburg Dr.)

Supply Chain Quality Management

Our guest speaker this month will be John Seymour, Regional Manager, QA for Integrated Logistics Solutions (ILS) based out of Kansas City, MO

John will share with us 3 decades on knowledge and experience in how to select, develop and sustain an excellent supplier base. He has worked with many suppliers and been involved in various improvement activities during his career with Ford New Holland (part of Ford Agricultural), Joseph T. Ryerson, and ILS.

He began his career with Sperry New Holland – Farm implement manufacturer that became Ford New Holland (part of Ford Agricultural), serving as Quality Supervisor, SPC / Design of Experiment Coordinator, Quality Manager and finally as Supplier Quality Assistance Engineer (SQAE) administering the Ford Q1 quality requirements with a supply base of over 200 suppliers spending 19 years with this company.

He moved on to become Corporate Quality Manager for Joseph T. Ryerson for 7 years and currently is Regional Manager, QA for ILS.

John is a CQE and has spent the bulk of his career in the quality field. He feels that this journey has been a great learning experience and continues as such even today.

**You are encouraged to invite friends
and co-workers to attend.**

2005 CERTIFICATION EXAM DATES

	<u>EXAM DATES</u>	<u>APPLICATION</u>
CQT/CRE/CMI/CHA Biomedical Certified Quality Manager Six Sigma Black Belt	October 22	August 19
CQE/CQA/CSQE/CQIA CCT	December 3	October 7

For more information go to www.ASQ.org or contact **Rhonda Woolson, Certification Chair.**

The University of Central Oklahoma (UCO), in Edmond OK, is looking for the right individual to fill its **Process Improvement and Policy Coordinator** position. The University is using Lean office and other continuous improvement principles and practices to incorporate process changes into the organization. The position is responsible for working with UCO communities to facilitate change during improvement activities, formalize continuous improvement processes, provide training as needed, and promote ideology through high visibility in campus environments.

Candidates must possess an Operations Management, Organizational Communication, Industrial Engineer or advanced business degree, 1 to 3 years related work experience, and knowledge regarding processes improvement and organizational change. Must be proficient in MS Office Suite and requisite computer applications, has demonstrated excellent oral and written communication skills, and has experience in group process and project management.

This position will also be responsible for the administration and communication of Administrative Policies and Procedures.

For further details or to apply, visit our website at <http://jobs.ucok.edu>. An on-line application with attachments is required.
