Plant Tour @ Surface Mount Depot

This month we will have a tour at Surface Mount Depot. Surface Mount Depot is a contract electronics assembly company. SMD does surface mount and through-hole PCB assembly, along with assorted other electro-mechanical assembly operations. SMD is part of Ted Davis Enterprises and has been in existence since 1988.

Our host will be Gary Hamner - General Manager and Stormy Sims - Quality Manager. Gary has been with SMD since 2001. Prior to that he was with other Ted Davis companies, including Progressive Stamping and TDM/VAC. Stormy has been with SMD since 2008. He is a Senior member of ASQ and held several positions with ASQ-OKC over the many years.

The tour will be on Thursday, June 18th at 2:00 pm and will last about one hour. This daytime tour will allow members to see the plant in action.

Where do we all meet? Front lobby and we will move to the breakroom for a short presentation

Where do we park? Anywhere in front of the building.

Directions to plant? From I-40 and Meridian, take Meridian south about ¾ of a mile to Will Rogers Parkway. Turn East on Will Rogers Parkway and go until road turns left. Take fork to right and continue to end of street and building on left. Entry is the last door.

Safety requirements – None.

You must RSVP to attend.

Contact Rose Sutcliffe @ rsutcliffe@philgood.com .

All ASQ Members & adult guests are invited.
